

K-LOVE is a very effective radio station, it is uplifting in this world where other stations are not as uplifting. There are only positive comments made all the time. Please do not drop K-LOVE for the LPFM broadcasting as this station is reaching people who are in trouble times, and let's face it the world is in trouble times. Thanks you for taking the time to read my comments.. I love K-LOVE and would hate to see it taken off the air.
